

World Water Day Virtual Walk For Water

[REGISTER HERE](#)

World Water Day is March 22. In celebration, the San Diego Committee of Water For People is hosting a virtual [Walk For Water](#). Choose a time and place between March 15 and March 22 for your personalized event of 6 kilometers...run if you must. A \$10 donation will be appreciated.

On average, women and girls in the countries served by Water For People walk 6k per day to fetch water. This event will support Water For People in their mission to help end walking for water. Particularly during these Covid 19 times, access to clean water and sanitation can have life changing impacts on public health.

Here's the link to register: <https://www.eventbrite.com/e/walk-for-water-2021-tickets-140698098801>

Details:

- Walk or Run at a time and location of your choice between March 15th and March 22nd.
- \$10 per person participant donation.
- Upon completing your run/walk or bike post selfies and photos on the [Committee's Facebook Page](#) or email them to Sarah srossetto@katzandassociates.com and they will be posted!

We thank you from the bottom of our hearts and deeply appreciate your support of Water For People. Your contributions will help end the need for "walking 6K for water" and give children, usually young girls, a chance for school. Have fun and be glad you don't have to do it every day with several gallons of the world's most needed liquid!!
